Wish

Shades of blue and locomotive-themed accessories put you on track for one handsome room. Railroad ties inspired the striped design elements found in the rug, balloon curtain and crib frame. It's everything a little tyke could wish for.

Dream

With a bit of imagination, you can create a dreamy space for your little stargazer. A fresh coat of white instantly transforms old furniture, and painting "ho hum" wood floors is a simple way to add even more charm.
