Free Spirited

Create a place in your room to relax, recharge and get in tune with your free spirit. Paint a window seat in contrasting color to your walls to designate the space as special without disrupting the overall harmony of the room.

Charmed

You're still fond of pink and purple. But you're too grown up for a sweet pastels. A refined combination of lavender and gray with a collection of accessories in vibrant colors will reflect your mature tastes. Charmed, I'm sure.

Rad

Ramp up the volume with a radical room. A light floor and dusty blue walls let you go big with jolts of intense color on the striped accent wall, bedding and bookcase interior. Right in tune with your extreme lifestyle.

Chill

This room is golden. By painting trim the same color as the walls to minimize distraction and by adding a soothing gray to your bed wall, you've balanced energetic with effortless. It's simply the perfect place to chill.

Organic

The neutral, tone-on-tone palette created by the bedding, window treatments and window wall contributes to the rustic, all-natural vibe. The addition of a deep red accent wall adds drama and proves organic need not be green.

Glam

Neutral gray walls serve as your transition to adulthood, but cheery accents maintain your youthful spirit. Painting your bed and an adjacent closet or nook in the same glossy color will connect the spaces and glam things up.
